POSLANSTVO - VIZIJA RC31

MISSION - VISION RC31

Razvojni center kreativne pohištvene industrije (RC31) povezuje in nadgrajuje razvojno-raziskovalne resurse in kompetence ter ustvarja potrebne sinergije za prodor slovenske lesne pohištvene industrije na mednarodni trg izdelkov visoke dodane vrednosti na področju oblikovanja bivalnih in delovnih prostorov ter sonaravne kulture bivanja v kontekstu trajnostnega razvoja in nizkoogljične družbe. Ustanovila so ga ambiciozna in v prihodnost usmerjena podjetja in podjetniki, ki so v sodelovanju z nosilci znanja in podpornimi institucijami povezali svoje vizije, ambicije in resurse.

—

RC31 izvaja razvojno-raziskovalne projekte, ki se bodo konkretizirali v vzorcih izdelkov, s čimer se pospešuje izkoriščanje slovenske surovinske baze in spodbuja razvoj produktov visoke dodane vrednosti, vrhunskega dizajna in kakovostne izdelave. Nudil bo tudi storitve izobraževanja in svetovanja, vključno s študijami in analizami, ter različne storitve v podporo načrtovanju in izvajanju razvojnih investicij v podjetjih. Pri tem bo gradil na novih pristopih razvoja, novih konstrukcijah, novih načinih produkcije z uporabo eko tehnologij, eko materialov, eko transportnih logističnih sistemov ter vzgoji zahtevnega, trajnostno naravnega potrošnika.

—

Ambicija RC31 je postati osrednje razvojno jedro slovenske kreativne pohištvene industrije.

The Research Centre of the Creative Furniture Industry (RC31) relates and upgrades the research and development resources and competences and creates the necessary synergies for the Slovenian wood furniture industry aiming at breaking through to the international high value added product market in the field of interior design and sustainable culture of living in the context of sustainable development and low carbon society. It was founded by ambitious and future-oriented companies and entrepreneurs that have joined their visions, ambitions and resources in cooperation with knowledge holders and support institutions.

—

RC31 deals with research and development projects, which will result in the product samples, promoting the use of Slovenian raw materials and encouraging development of high value added products, top design and high-quality production. The centre will also provide the training and counselling services, including studies and analyses, as well as a variety of services to support the planning and implementation of development investments in enterprises. It will build on the new development approaches, new structures and new methods of production, using eco-technologies, eco-materials, eco transport logistics systems, as well as on education of demanding, sustainable consumer.

—

The RC31 ambition is to become the core development centre of Slovenian creative furniture industry.

MODERNO POHIŠTVO ZA CELOTEN DOM

MODERN HOME FURNITURE

DNEVNA SOBA PRZ

LIVING ROOM PRZ

sledi smernicam sodobnega razvoja in je izdelana iz ekološko sprejemljivih materialov. Dnevna soba elegantnih čistih linij je na voljo v kombinaciji oreha z belo ali peščeno ter omogoča tako klasične kot tudi moderne linijske postavitve pohištva. Oblikovna značilnost programa je dekorativni dodatek na vratih, ki daje celotnim ambientom inovativen videz, hkrati pa vrši funkcijo ročaja.

The living room furniture range follows the guidelines of modern design and the furniture is made from environmentally acceptable materials. It is available in several colour combinations and a wide selection of elements boasts a specially designed and protected decorative trim, which is a design feature of the programme.

SPALNICA BSS

BEDROOM BSS

v lesnem dekorju oreha, ima bogate lakirane bele fronte s poudarjenimi orehovimi ročaji. Vsaka od treh oblikovno različnih izvedb ima svoj detajl v orehu, enaki detajli pa se ponovijo pri omarah, komodah, nočnih omaricah in posteljah. Poleg klasičnih in kotnih garderobnih omar je na izbiro tudi drsna omara, notranjost pa je dopolnjena s paleto uporabnih notranjih elementov.

SPALNICA ARI
BEDROOM ARI

je program v svetlem dekorju hrasta. Ta je lahko v celoti v hrastu, z uporabo elementov v kombinaciji hrasta in magnolije, lahko tudi z detajlom rožnate barve, pa dosežemo živahnejši videz ambienta. Posebnost Arije so leseni ročajji, ki potekajo po celotni dolžini vrat in predalov.

Bedroom Ari in light oak decor may be entirely in oak or using elements of the combination of oak and magnolia, also with a detail of a pink color to achieved livelier appearance ambience. Specialty are wooden handles that extend over the entire length of the doors and drawers.

KUHINJA LGN
KITCHEN LGN

je kuhinja v rustikalnem in podeželskem stilu z okvirno konstrukcijo vrat ter zanimivima lesnima dekorjema v izrazitem naravnem in sivem hrastu. Pri podeželski kuhinji je lesni dekor največkrat kombiniran z eno od barv, celotna kuhinja pa je lahko tudi v eni barvi. Veliko število elementov, paleta barv ter možnost izbire različnih materialov nudijo veliko možnost kombiniranja, uporabljeni vrhunski materiali pa so garancija za večletno brezhibno delovanje.

The kitchen in a rustic, country style with frame construction of fronts and interesting wood-based decors in natural and gray oak. In rural kitchen wood decor often is combined with one of the colors, but may be the whole kitchen in this color. The colors are various treatments, both in matte than glossy versions.

JEDILNIŠKO POHIŠTVO

DINING ROOM FURNITURE

Jedilniške garniture in stoli temeljijo na modernih trendih zaobljenih oblik, enostavnih linij in krožnic. Za mize je razvit poseben sistem fiksiranja miznih plošč. Pri razvoju upoštevamo zadnja dognanja ergonomije, ekologije ter sodobna orodja in programe za načrtovanje in izdelavo prototipov.

The dining room sets and chairs are based on modern trends of rounded shapes, simple lines and circles. A special system of fixing the tabletop has been developed. The latest findings of ergonomics and ecology have been considered, as well as the modern tools and design and prototyping programmes.

PISARNIŠKO POHIŠTVO

OFFICE FURNITURE

Novi programi pisarniškega pohištva, pohištvo katero spodbuja pozitivne misli s tem neposredno vpliva na dobro počutje zaposlenega in povečuje produktivnost na delovnem mestu. Največji poudarek operativnega pisarniškega pohištva VST je na barvah katere spodbujajo pozitivne misli, poudarek direktorskega pisarniškega pohištva BRX pa je na eleganci, katero začutite takoj ko vstopite v prostor.

The new range of office furniture offers the furniture which encourages positive thought and thus directly influences the well-being of employees and increases productivity in the workplace. The main emphasis of the operational range is the colour which inspires positive thought, while the focus of the managerial furniture range is on the elegance that you feel immediately after entering the room.

OBLAZINJENO STENSKO POHIŠTVO

WALL FURNITURE UPHOLSTERY

BIG APPLE

Popolnoma nova linija oblazinjenega sedežnega pohištva pod skupno blagovno znamko »Wall Furniture«, ki se ga lahko aplicira na steno ali v obliki samostoječega elementa "Big Apple". Pohištvo omogoča integracijo z mobilnimi napravami v smislu njihove docking platforme, saj je v pohištvo integrirano več elektronskih komponent, ki omogočajo povezavo z mobilnimi telefoni ali tablicami (Apple iPhone, iPad).

—

NAGRADA: Na 49. sejmu pohištva Beograd 2011, ZLATI KLJUČ za inovativni sedežni model »K88 Bigg Apple«, oblikovalcev Jurija Dobrila dip.ing. oblik. in Roberta Kluna, univ.dipl.ing.arh.

A brand new line of upholstered furniture under the trademark »Wall Furniture« has been developed. The furniture can be applied to the wall or used as freestanding elements "Big Apple". The furniture allows the integration of mobile devices in terms of their docking platform, as there are quite some integrated electronic components in the furniture, allowing connection to mobile phones or tablets (Apple iPhone, iPad). Big apple – How it works.

NAGRADA: Na 50. Sejmu pohištva Beograd
2012, ZLATI KLJUČ za sedežni element
cameLEON K11

**INOVATIVNI POHIŠTVENI
IZDELKI IZ MASIVNEGA LESA**
INNOVATIVE SOLID WOOD FURNITURE

Regal ISTRRA, miza PRIVID in jedilnica MOJA so vzorci inovativnih, unikatni, drzni in oblikovalsko dovršeni izdelki, ki združujejo dolgoletno tradicijo mojstrske ročne spretnosti obdelave masivnega lesa, sodobno oblikovanje in eko smernice.

The new range of office furniture offers the furniture which encourages positive thought and thus directly influences the well-being of employees and increases productivity in the workplace. The main emphasis of the operational range is the colour which inspires positive thought, while the focus of the managerial furniture range is on the elegance that you feel immediately after entering the room.

NAGRADA: Na 22. sejmu pohištva Ambient Ljubljana 2011, je bil med prejemniki nagrad TOP TEN; regal Istra in miza Privid avtorja Tonija Kancilije.

POHIŠTVO ZA VSE GENERACIJE

FURNITURE FOR ALL GENERATIONS

Elementi opreme in zasnove prostorov, prilagojenih potrebam in željam ljudi v tretjem življenjskem obdobju ter pohištvo prilagojeno potrebam mladostnikov in otrok. Namenjeno je individualnim potrošnikom, lesni pohištveni industriji in investitorjem ter lastnikom javnih objektov.

VIZUALIZACIJA IN IZBOLJŠANI E-MODELI

VISUALIZATION AND ENHANCED E-DESIGN

Razvoj programske opreme za 3D vizualizacijo pohištvenih in ostalih elementov za opremljanje prostora, kot osnova za testiranje novih konceptov in programov pohištva na poti od proizvajalca do kupca in jo bo možno modularno nadgrajevati – tako z novimi pohištveni elementi kot tudi povezovati z drugimi programskimi rešitvami v podjetju in izven.

Development of software for 3D visualization of furniture and other interior design elements, as the basis for testing new furniture concepts and collections on their way from the producer to the consumer, with the possibility of modular upgrade with new furniture elements and integration with other software solutions within the company and beyond..

EKO POVRŠINSKA OBDELAVA POHIŠTVA

ECO FURNITURE SURFACE TREATMENT

VISOKOKAKOVOSTEN KOMBINIRAN PREMAZNI SISTEM ZA PLOSKOVNO POHIŠTVO

HIGH QUALITY COMBINED COATING SYSTEM
FOR FLAT FURNITURE

Premaz je sestavljen iz vodnega ali UV-vodnega temelja ter poliuretanskega laka ali emajla. Prednost sistema je ca. 50% zmanjšanje emisij organskih topil v primerjavi s klasičnim premaznim sistemom na osnovi organskih topil.

High quality combined coating system for flat furniture, which consists of water or UV-water foundation and poliurethane lacquer or enamel. The advantage of the system is approx. 50% reduction of the emission of organic solvents as compared with the conventional coating system based on organic solvents.

VISOKO SIJAJNI ENOKOMPONENTNI UV - VODNI EMAJL

HIGH GLOSS 1K UV WATER BASED ENAMEL

Primeren za direktno lakiranje ploskovnega pohištva brez uporabe posebnega temelja, ki je svetovna novost.

High gloss 1K UV water based enamel for direct application on flat furniture without the use of special foundation, which is a world first.

—
Patent: Visoko sijajni enokomponentni UV-utrldljiv emajl na vodni osnovi in njegova uporaba za zaščito z melaminsko folijo prevlečene površine, SIPO No: P-201200389

—
Glossy one-component UV aqueous enamel and use thereof for protection of melamine coated surfaces (EU patent v postopku pod št. EPO 27494613)
